Summit Yearbook Photo Upload Links 2021-2022

Below are links to use to upload photos taken at Summit - around the school or at events. These links are intended to be used by volunteer photographers, teachers, staff, parents and students - anyone who has taken photos at Summit or at a Summit event.

The first three links are for uploading photos taken during class or around school - photos not associated with a particular event, performance or field trip.

The remainder of the links are for specific events. Please note there is a link for EACH DAY's event (unless it's an all days event like the DMNS field trip).

After clicking on the link an upload screen will come up with the name of the event, ***please double check that you are using the correct day's link for the event for which you are uploading photos***. These links can be used from a desktop computer or your phone - just click the link, and follow the prompts.

**** Please be selective in what you upload and choose only your best photos. Please do not upload dozens of images without first verifying that they are usable (good lighting, in focus, close up) - this creates a lot of extra work for our yearbook designers. ****

The deadline to upload photos is Friday, April 8th - though sooner is better. If you have any questions, please email Ms. Wall (Mullane) smmullan@jeffcoschools.us. Thank you for sharing your photos with us!

Around School photos, please ensure you are using the correct DAY's link:
