

# AMPLIFY

## Electrical Pre-Apprenticeship Program

### Are You WIRED to Become an Electrician?

Apply for AMPLIFY, a FREE 4-Week Electrical Pre-Apprenticeship Program, to see if a career as an electrician is the right path for you.

The program is taught by industry professionals and is designed for individuals to “test-drive” the electrical trade without a financial commitment.

**AMPLIFY** starts Tuesday, June 8 and is typically held on Tuesdays and Thursdays from 1pm - 5pm.

Apply at [iecrm.org/amplify](https://iecrm.org/amplify) by Friday, May 28, 2021 to be considered for enrollment and for more info.

#### During the AMPLIFY program you will:

- Learn the basics of electricity
- Explore residential, commercial, and industrial electrical work
- Get familiar with the tools and materials used on jobsites
- Learn about jobsite safety protocols
- Get hands-on training in basic circuitry
- Receive training and certification in: OSHA-10, CPR, First-Aid & AED (\$400 value)
- Discover various electrical career paths

*AMPLIFY Electrical Pre-Apprenticeship Program is offered by Independent Electrical Contractors Rocky Mountain (IECRM).*

#### Participants who complete the AMPLIFY program will:

- Receive a certificate of completion during a graduation celebration and reception
- Attend an exclusive Hiring Fair with many electrical contractors hiring on-the-spot

*The AMPLIFY Program provides mentoring, career opportunities, and OSHA and CPR certifications (a value of \$400), at no cost to you.*

*A career as an electrician is essential, sustainable, pandemic-proof, and one of the highest paying trades in the construction industry!*
