

The ICAP on Schoology

Every student enrolled in the Jeffco school district has a Google Chrome account. In order to sign into Schoology and have access to their ICAP, they must be signed into their Jeffco Google account. That means signing out of all other Google accounts that are open on the computer, then signing into their Jeffco account. They will then sign into Schoology from there:

Step by step:

1) Sign into Jeffco Google account:

StudentIDnumber@jeffcoschools.us

Password: Student birthdate (8 digits)

Example:

1234567@jeffcoschools.us

Password: 01012001

2) Sign into Schoology, using same student ID number as username, and student birthdate as password.

Example:

User Name: 1234567

Password: 01012001

3) Click on Concurrent Enrollment (This is listed as one of the courses.)

4) Scroll down, and click on ICAP.

5) Click on My Document.

6) Click Open.

ALL passwords are student birthdates, HOWEVER, passwords can be changed, so if you are finding that the birthdate doesn't work, call the Summit office, and we can reset the password.

Summit phone number: (303) 438-6985
