

Teacher Name	Email	Course Title	Course Description	Suggested Grade	Does this course require the use of technology other than Schoology?
Mrs. Arndt	Arndt@thesummitacadem	Bubbleology	Students will have fun activities to learn the structure of soap molecules and create fun with bubbles with lots of amazement!	2-6 (K/1 would enjoy the lessons, but would need extra guidance.)	No
Mrs. Salgado	salgado@thesummitacadem	Nature Studies	This course focuses on the natural world around us. Each week, lessons and activities will highlight topics like forests and trees, rocks and minerals, plants and seeds, insects, birds, predators and prey...connecting the students more closely to nature.	4-6	No
Mrs. Kohler	kohler@thesummitacadem	Pioneer Toys and Games	Travel back to pioneer days! This class will focus on creating more detailed toys and games used during pioneer times. Projects will include a sewing a rag doll, painting a checkerboard, and making a Jacob's Ladder toy. These activities will be different from the ones offered during the Pioneer Crafts class on site at Summit, so students who are in that class may also enroll in this one. Students are not required to be enrolled in Pioneer Crafts to take this class.	4-6	No
Mrs. O'Connor	oconnor@thesummitacadem	Makerspace Home Edition	Students will create clever and inventive projects out of unique recycled/reusable materials. Materials and instructions provided. Some communication requested. (I would love to receive pictures of finished projects along with feedback!).	4-6	No
Mrs. Middaugh	middaugh@thesummitacadem	Self-Discovery Time Caps	In this 7 week class, students will develop a journal using writing prompts, pictures, drawings, lists, and more to discover more about themselves at this moment in time and to make goals for their futures! The journal will also serve as a time capsule of students' lives during the autumn of 2020—a snapshot to look back on during the coming years.	4-6	No
Mrs. Campbell	campbell@thesummitacadem	The Great Outdoors	Safer at Home and the Great Outdoors! Students will learn about ecosystems, erosion, air, survival skills, campfire yum, and some night time fun!	4-6	No

Mrs. Carreras	carreras@thesummitacademy.org	Directed Drawing	Using directed drawing, step by step directions you will create a calendar from this month August to July then you will use different mediums to color the drawing. For example, August is a pencil and we will use colored pencils, October is a ghost so we will use white chalk to color it. This project will be completed by Christmas for a present.	K-6	Yes
Mrs. Stayer	stayer@thesummitacademy.org	Magnificent Math Art	This is a fun, hands-on course where students combine mathematical concepts with art to make magnificent projects.	Possibly 3rd-6th.	No
Mrs. Javellana	javellana@thesummitacademy.org	Native American Tribes	A Native American tribe will be highlighted each week. This 7 week course will present information and links to information, an activity and resources that the family can explore at their own pace		Yes
Mrs. Stayer	stayer@thesummitacademy.org	Colorado History	<u>This course is designed for students already participating in Mrs. Stayer's in seat CO History class.</u> This class will extend classroom activities to complete the full Colorado History class.	4-6	
Mr. Desrochers	desrochers@thesummitacademy.org	Art	Mr. D has a great line up of art projects for all ages. Projects are designed to encourage creativity and practice various art elements and techniques.	K-6	May be some links
Mrs. Dormish	dormish@thesummitacademy.org	Barton Games with Mrs. D	For this class you will be online with Mrs. Dormish playing Barton Games online! There will be a signup genius where you can reserve a spot to review your Barton Rules by playing NEW ONLINE GAMES over Zoom!	K-6	Yes
Mrs. Halladay	halladay@thesummitacademy.org	Music	This course introduces students to some of western music's greatest composers and repertoire. Learning activities will include listening, biographies, musical and historical context, as well as some basic elements of music. This course will be a enjoyable introduction to the world of music!	K-6	No
Mrs. Scarato and the office	scarato@thesummitacademy.org	How To Video	Receive a How To video each week. My first week will be my amazing chocolate chip cookies. We may have other recipes, fix-its, crafts, etc. Needed supplies will be sent home, although some items can easily be found around your home. The office staff will be joining in on this hodge podge of fun.	K-6	Yes. Need to watch how to videos.

Mrs. Mandl	mandl@thesummitacademy.org	IEW 2	This course is based on the program of The Institute for Excellence in Writing. It will teach your student to write in an organized and structured way. They will learn how to make a key word outline, use this outline to write and implement "dress-up" words to make their writing great! At the end of this course students will be able to summarize given material, write short stories, write report writing and creative writing. <u>This course will live stream with in seat students and meet online at regular classtime each week.</u> There will be daily assignments given to each student to complete and turn in weekly both physically and online.	4-6	Yes. Students will Zoom in at class time each week. 1:15 Friday
Mrs. Sharp	sharp@thesummitacademy.org	Physical Education (P.E.)	Activities to increase movement and improve balance and coordination. Hacky sac and juggling will be incorporated. Supplies provided. Modifications are given for varying ages.	K-6	No
Mrs. Savage	savage@thesummitacademy.org	Fashion Design	This course will encompass many elements! I will teach how the principles of Art effect Fashion Design and assign a project with clothing, shoes, or accessories based on line, color, symmetry, balance, and texture, etc. Designs and activities are simplified for kinders and grow with detail, requirements and complexity up through 6th grade. A "family" project with older siblings reading instructions and modeling for younger siblings with little parent involvement	K-6	Yes
Mrs. Vizcaino	vizcaino@thesummitacademy.org	In the Kitchen	Students will learn their way around the kitchen, learning recipes, techniques, and etiquette.	4-6	No
Mrs. Javellana	javellana@thesummitacademy.org	Historical Figures-America	Each week will highlight an American Inventor.	This can be adaptable by parents and students to be appropriate for all elementary students	Yes
